All,

We are taking this opportunity to say, very simply, thank you. We had an exceptionally successful All Night Graduation Party (ANGP). The object of this email is for us to unabashedly thank you and to gush about all of the help and support each of you provided, so the event may happen. Plus, We want to hear from you, as you have your unique insights into the process, as well. The forms of support meeting the myriad of needs is so varied and great, it comes in so many forms. We welcome each of you to forward this email to the supporters we will inevitably forget, as the list is so tremendously large!

Overall, 222 tickets were sold, and 211 attended. NONE of it could have happened without each of you! Volunteers and supporters are the backbone of our abilities, providing invaluable services and support. We were able to provide a fantastic experience to our graduates as a direct result of your support. While this obviously includes many valuable gifts and prizes, it also includes the overall experiences they will be able to talk about for years to come!

Finally, we will hold a committee wrap up meeting within the next two weeks. Please submit any lessons learned, or observations to this email address, so we may include them in our meeting. Thank you again to EACH of you for your dedication, help and support, without which, the ANGP could not be held. Please feel free to contact us through this email address with any questions, comments or other feedback regarding ANGP.

Warm regard,

Dan and Farah Loper
